GMO

Lambertz group has decided to refrain from the use of genetically modified ingredients, guaranteeing not to use GMO ingredients in any of its products. In order to achieve these objectives, the Lambertz group for all its products adopted the respective European regulations which, in terms of communication parameters, obligation and transparency, are strict and effective.

This declaration is applicable to all process steps controlled by Lambertz and the declarations provided by its suppliers as part of Lambertz' supplier management. An additional information "free from GMO" shall not be used.

This declaration is based on regulations published on 18 October 2003 by the European Community.

- Regulation (EG) 1829/2003 of 22 September 2003 on GMO food and feed.
- Regulation (EG) 1830/2003 of 22 September 2003 on traceability of GMO produced food and feed as well as amendments of regulation 2001/18/EG

The products delivered do not have to be labelled according to the regulations mentioned above.

Others:

The product complies with the Laws of the Federal Republic of Germany within the scope of the German Food and Feed Code (LFGB), the respective HACCP requirements and all other relevant legal regulations to be complied with in the Federal Republic of Germany and the EU.
